

Alarm.com

Pre-Wired Power Systems

Alarm.com Prewired power systems are precision factory wired for system power, lock control, RS485, power system faults, and tamper switch. Solutions for Mercury-based and HID Aero based systems are available. Alarm.com Pre-Wired solutions are ready-to-install, simplifying and standardizing access installations across the enterprise.

1-4 Door solutions are sold exclusively through Alarm.com

8 and 16 Door solutions are sold through LifeSafety Power and do NOT include the Alarm.com controllers.

Pre-Wired Features

- Guarantees uniform installations across an enterprise
- Pre-installed wire harness for panel power, lock control, RS485, faults and tamper switch
- Point to point wiring; labeled, color coded, twisted pair, shielded communication
- Tie wrap cable management
